Hi Paul,

I would think that \$13,500 would be plenty for Keith. I haven't worked anything up for him but when I do, I know it won't be that much. I have to worry about Michael Jackson, who is a stickler for rules as far as bonding (or anything else) goes but I won't let him know about it and maybe by the time he finds out we will have an MOU.

I heard you were going to take over our area in Garfield County from one of my claimants. Might be a lot of activity there in the next couple years if uranium keeps going. I should be able to meet with you on the 13th. As of now, I have the day clear but we are still doing our resource management plan and my plans could get changed. For now, I will plan on being there and will let you know if my plans get changed.
